

*Saturday
June 23rd
Doors open at 11:30
Play at 1:00 p.m.*

We got a 2nd Slot so we are having a 2nd Team Captain Tournament!

Free time prior to tournament to mingle and join up with other captains

We have had quite a few team captains that would like to play in the SECOND APA Team Captain tournament (with our winners going to Las Vegas this summer); the most asked question is how can I find other captains to join up with to make a team?

Just as we did for the first tournament, prior to the tournament itself, we will hold an 'open house' where players can show up and use the time to warm up for the tournament OR find like-minded captains to join together, make a team, and play the same day - who knows? - some of our best doubles teams clicked and were very successful... our Captains event could have the same effect!

- Skill level limit for the three players that play is 15.
- Each player must have 20 scores in their player record in the last two years. If your only play one format, or have less than 20 scores in the other format, you can play in the tournament - however - your handicap will be one higher than your established format handicap.
- Come as a single and find another couple of players to make a team.
- Come as a two person team and find a third player to complete your team roster.
- If you want to play or you need to fill out your roster - show up at 11:30 am and take advantage of the time to make things happen.

Doors open at 11:30 am Play starts at 1:00 p.m.

Player One

Player Two

Player Three

Player Four

Player Five
