Re: Travel Fund Assistance

Dear Teams,

First of all, congratulations on your advancement to the 2018 APA World Pool Championships and our pre-registered events in Las Vegas! You have worked hard to achieve this goal and now you'll able to experience the National event first hand.

Our League has a travel assistance fund that will help offset your team's travel and lodging expenses. Players who do not attend the National Event are not entitled to the travel assistance; their share must be returned to the local APA office.

If your team accepts these funds and does not play in the National Team Championships, you will be required to return all monies to the local League Office within 30 days of the event. If funds are not returned, all members will be responsible for their share and suspended from the League. By accepting these funds, your team has agreed to these conditions.
